ASSIST Report: Active Courses Missing on Public Site | 7.17.21

As of 7/17/21, the following active courses are not showing in all applicable areas of ASSIST. They are being suppressed from areas on the public site while the developer does a data conversion review, and will be processed and released to the site one at a time.

Prefix	Cross	No.	Course Title	Units	CSU transfer	UC transfer	CSUGE	IGETC	UC Transfer Admission Eligibility	Notes
POLI		95	Overview of American Law	4	Y	N				missing from: CSU Transferable Courses (ADMJ and PARA 95 OK)

* check UC transfer credit limitations

ALERT: UC-TAP, UC Application, and Cal State Apply systems use data extracts from ASSIST to populate their course inventory for De Anza, so you <u>may</u> need to enter these courses manually into each system. If needed, type the course as written above and explain the situation when prompted. You may then need to recalculate total transferable units and GPA, depending on the course, its transfer status, and the transfer planning/application system.
