

ASTRONOMY 4

Solar System Astronomy De Anza College Fall 2015

Instructor: Eric Peterson, Ph.D.

Email: PetersonEric@deanza.edu

Office Hours: Tuesday 5:00 to 6:00 p.m. and Wednesday 4:30 to 6:00 p.m. in E33A

Textbook: The Solar System, 9th ed.
by Seeds & Backman

Introduction to Astronomy 4

Astronomy 4 is an introductory-level course which concentrates on the planets of our solar system and what we have learned about them in the past 50 years of space exploration. The course has no prerequisites. However De Anza College does advise the following: *English Writing 1A or English as a Second Language 5*. The class is taught with the non-science major in mind.

Class Format

Our in-class time will be divided between lectures and audio/visual programs, including videos and demonstrations with the Fujitsu star projector and the Digital Sky system. You can expect to be tested on all of the material presented in class as well as in the textbook. The material presented in class will not always be covered in the book, and vice versa.

Because of the closed and darkened nature of the planetarium during audio-visual presentations, class meetings must begin on time. If you arrive late and find the door locked because a program is in progress, do not attempt to enter or knock.

Registration

If you wish to add the class, you must attend the first day, and you must obtain an add code from me. It is your responsibility to use the add code before the deadline.

Attendance

Regular attendance is required. Attendance will be taken at every class meeting, and I will be free to drop you from the course if you have four or more unexcused absences. However, official withdrawal from the class is still the **student's responsibility**.

Reading Assignments

<u>Week of</u>	<u>Chapter</u>
1. September 21	1-3
2. September 28	4-5
3. October 5	6-7
4. October 12	8
5. October 19	Origins, 19
6. October 26	20
7. November 2	21
8. November 9	22
9. November 16	23
10. November 23	24
11. November 30	25

Exams and Grades

Your class grade will be based on your performance on midterm exams and the final examination. There will be **no extra credit**.

There will be three midterm exams. They represent 50% of your grade. Your lowest midterm grade will be dropped. **There will be no makeup exams**. If you miss an exam, that will count as your low

score. Students who miss two exams must withdraw before the final withdrawal date or receive an “F” grade for the class.

The final exam will be comprehensive and will account for 50% of your grade. The final exam must be passed in order to pass the class.

The exams will be held on the following dates:

First Midterm Exam: Thursday, October 8th
Second Midterm Exam: Thursday, October 29th
Third Midterm Exam: Thursday, November 19th

Final Examination: Thursday, December 10th, 6:15p.m.-8:15p.m.

All exams must be taken at the scheduled time on the scheduled day.

The exams will be of the multiple choice variety, and they will be graded on a curve. You will need a ParSCORE answer sheet and a #2 pencil for each exam.

Planetarium rules

The director of the planetarium hopes that your use of the facility is enjoyable and worthwhile. In order to maintain the Planetarium's valuable services to the community, he asks that you observe the following:

- * Absolutely no food, drink, or chewing gum is allowed in the planetarium.
- * Do not litter.
- * Do not leave bicycles or skateboards inside the building.
- * Protect the fabric on the seats: do not put your feet on the seats or leave hair-styling materials residue on them.
