This chart follows one cohort, placing three levels below college level Math in Fall 2011, and tracks them through their basic skills Math courses and one transfer level Math course through Spring 2013.
Mathematics
This chart follows one cohort, placing 3 levels below college English in Fall 2011, through the developmental ESL sequence and into transfer level writing by Spring 2013.
Question: How many students with basic skills needs are there?

Answer: Only 15% or fewer incoming students in the community college systems do not have Basic Skills needs.
