Minutes – DASB Senate Meeting 1/9/08

Public Comments
Richard Handson: Prop 92 concern
John: DASB must follow the brown act. For a special meeting, notice should be post up in public places 72 hours in advance. Public must have access to the notice.

Burning issues
Stephy: DASB office much cleaner than before. Urge senators to keep the office clean.
Kurt: reminds robin that there should be no response for burning issues
Robin: Ask everyone to think for a moment what we have done for the students last quarter. It seems that we have failed to voice for the students effectively. It is not necessary to blame ourselves, but we should do more. Ask every senator to focus on an issue that he/she cares about and get something done. We have a list of student concerns. It's on Rahela's desk. And issues are of different aspects. We should also work together to get something done. Strongly encourage to work for students. Each of us are empowered to do something. Hope that by the end of this quarter, we can do something amazing.

Consent Calendar
Rahela takes off 1st item and become a business item
Eden moves to approve the consent calender. Seconded by Qing
Kurt objects. Vote occurs. 12 in favor. 4 not in favor.
Consent calander has been approved.
