## **Patient Safety Rounds Checklist**

During the last hour of your shift, all assigned patients are to be rounded on and the following tasks completed:

- ☐ Bed in lowest position
- ☐ Call light within patient reach
- ☐ Toileting offered and receptacles emptied, cleaned, and ready for next use
- ☐ Patient area free of clutter, i.e., remove excess linen, dishes, papers, chairs, etc.
- ☐ Fresh water or ice chips provided, if applicable
- ☐ Side rails up as appropriate
- ☐ Bed alarms turned on, if applicable
- ☐ VS & Intake/output documented
- ☐ Report off to RN and CNA
