Course Expectations/Requirements:

This course is designed to expose the student to the basic aspects of accounting. The course requires a substantial amount of reading and problem solving. It is expected that the student attend all sessions. If one is missed it is up to the student to get the information from fellow students or from the instructor at a mutually agreed upon time. Because it is rare in business that individuals work alone, and the ability to work with others is an important skill, there is a substantial amount of group work in the class that is graded. Therefore come to class and prepare to be an engaged, active learner. An important component of this class is the cyberclass where you will be required to go to my website, log in and respond in writing to a question and respond to at least one other student. This will be explained in detail in class.

Policies:

All exams must be taken at the scheduled time and date. There are no makeup exams for any reason, however, one exam is dropped. All work must be turned in on time; late assignments are not accepted for any reason. In class group work cannot be made up. If you find that regular attendance is a challenge, it is suggested that you take the Distance Learning Class, where there is a greater writing requirement but the attendance requirement is minimized.

Cheating and disruptive behavior will not be tolerated and are dealt with in accordance with the DeAnza policies set forth in the course catalogs and schedules. If you are caught cheating, you will receive a failing grade on the assignment and you will not be able to drop that assignment or exam and you will be reported to the college authorities.

The instructor has no authority or ability to change a graded course to a pass/no pass course; it is entirely the responsibility of the student.

Once you have indicated your enrollment in the class and completed the orientations, it is your responsibility to keep up with the work and drop the course if you determine you cannot keep up.
