

DE ANZA COLLEGE AND FOOTHILL COLLEGE

## FINANCIAL AID CONSORTIUM AGREEMENT

This agreement establishes the eligibility of a De Anza student under this Consortium Agreement effective for the **Pell Grant**, the **Cal Grant**, and **EOPS only**. The Consortium Agreement allows a De Anza student in an eligible program at De Anza College to utilize courses taken at Foothill College for determination of enrollment status and cost of attendance when those courses are applicable toward their De Anza certificate, degree or transfer program.

Under this Agreement a De Anza student must be enrolled in an eligible program at De Anza College, hereafter called the home institution. The home institution is where the student will receive his/her degree, certificate or transfer. The student must have earned at least half of his/her total district earned units at the home institution.

Each quarter the De Anza student must obtain an educational plan developed with, and signed by, a counselor at De Anza College to verify that the courses for that quarter at both institutions will apply toward their certificate, degree or transfer program. The home institution calculates and pays the student at the next available opportunity after receipt of this Agreement. The home institution is responsible for maintaining related records pertaining to eligibility, award calculation, payments, satisfactory progress and refunds according to their standard policies and procedures. Final determination for a student's eligibility under the Consortium Agreement rests with the Director of Financial Aid at the home institution.
