K. Comments

Strategic Planning

   1. How does your program or service respond /address the College’s strategic initiatives?
I am bi-lingual (English/Spanish) and have on occasion helped individuals who are Spanish speakers or limited English speakers, in directions, assisting in registration, referrals, etc.

2. Which initiatives does your program, or service respond to and in what ways can the response be measured or evaluated?
I do not have a record of how many people I have helped over the last several years because the number is great, but have on occasion seen one or several people tell me that I helped them when they first got to the college and are thankful of that. I believe the initiative is Outreach.

3. How does the work of your program, or service respond to increased access, growth, retention and/or student equity?
I am bi-lingual (English/Spanish) and have on occasion helped individuals who are Spanish speakers or limited English speakers, in directions, assisting in registration, referrals, etc.

4. What other programs/services are you working with to accomplish your proposed goals/outcomes?
By working closely with the Institute of Community and Civic Engagement (ICCE) and the Mountain Whisman School District, I have been able to lease space at a local elementary school that provides instruction to primarily Spanish-speaking parents of children who would not otherwise have the ability to take classes on campus.

5. What is important to understand about your program, or service and the consequences to the college if it was discontinued or reduced?
It is the responsibility of the Evening College Coordinator to be the go-to-person in the evening for the needs of faculty and staff when it comes to provide; the picking up of classroom keys, be on radio contact with Campus Police to open up classrooms, or follow-up on safety concerns that are called in by evening faculty or staff. In addition the Evening College Coordinator is on radio contact with the ETS Technician who handles various Audio Visual issues in the classroom. Be in contact with Custodial and Plant Services staff who will follow up on classroom environment and/or restroom concerns called in by faculty, staff and sometimes students. Lastly, the Evening College Coordinator is available to provide to the student testing materials when the Bookstore is closed, assist students with college schedules, quarterly calendars and sometime refers a student to someone that can assist if academic or personal problems.
