Discussion

- **Recommendations**
  - De Anza is a land-locked campus – it is difficult to find a site for new buildings without impacting parking.
  - Proposed new facilities should be:
    - Multi-story
    - Maximize development footprint
    - Public-facing, where possible
    - Include gender neutral bathrooms, where possible
  - Main Entry
    - **Base Option**
      - Demo Flint Center
      - Demo A Quad
      - New Arts Complex (to replace A Quad)
      - New Student Services (to centralize all student services at front door)
      - New Pedestrian Gateway (to welcome visitors)
      - New entry configuration + landscape improvements
      - Renovate and Re-purpose vacated spaces to support instructional program needs
    - **Alternate Option**
      - Keep Flint Center
      - Demo A Quad
      - New Arts Complex
      - New Pedestrian Gateway
      - New entry landscape
  - **L Quad**
    - Remove L4/L5/L3/F3
    - New multi-story replacement building(s)
    - Program spaces to replace functions and support program needs
  - **Landscape / Hardscape Recommendations**
    - Improve pedestrian gateways including voice signage, where possible
    - Improve landscape at:
      - Main Entry
      - Along loop road south of Stelling parking structure to Lot E
      - Around E1
      - Along western boundary
      - Throughout Central Campus
    - Assess pathways to ensure they are ADA accessible and improve, where possible

**NEXT STEPS**

- Documentation + Reviews
- Presentations + Approvals

**Action / Decisions Pending / Follow up**

- Planning team to add Planning Data Analysis following Facilities Planning Principles
- Add narrative to recommendations slide to include other projects, such as Auto Tech and E2
- Committee members present suggested that only the Base Option, not the Alternate Option, be included in the FMP
**Meeting Notes continued**
