

INSTRUCTIONAL EQUIPMENT LIST											Department: Film/TV, Spring '17 by Susan Tavernetti, program review writer's
											name
Instructions: Each Department/Program must provide an instructional equipment list each year. A Division priority list should be developed by working within your Division processes. Items you do not have to list: 1) computer and furniture requests that are already on a college refresh schedule or items that already exist in classrooms, offices, conference rooms etc. 2) office supplies or items normally covered by operational "B" budget. Items that should be listed: All equipment items with a value of \$100 or more <i>per individual item</i> that are not covered above. Note: The items should provide programmatic support for student learning and <i>must be included as a part of the APRU (except in the case of an emergency repair).</i> This list should be sent to your Dean on March 24th when you submit your APRU.
