

About the Survey

The CCSSE is administered in the spring quarter to credit students and gathers information about their overall college experience. De Anza College previously participated in 2007, 2009, and 2012.

The survey focuses on educational practices and student behaviors associated with higher levels of learning, persistence and completion.

All faculty members teaching in the spring were included in a pool from which a random sample of course sections were chosen to administer the survey. This resulted in 1,182 valid responses.

Student Responses

How would you evaluate your entire educational experience at De Anza?

82% of students stated that they had a good or excellent experience at De Anza. This rate dropped slightly from 85% in 2012 and 2007 and 89% in 2009.
