Subject: Students enrolled only in online courses – 2010-11 to 2011-12

The tables below present the percent of unduplicated students in each term that enrolled only in online courses and did not take a face to face course within the same quarter. 2010-11 is compared to 2011-12.

Summer 2011			
Total Headcount	Online Headcount	Online Only	Percent Online Only
16,226	2,436	754	5%

Fall 2011			
Total Headcount	Online Headcount	Online Only	Percent Online Only
24,354	3,685	1,018	4%

Summer 2012			
Total Headcount	Online Headcount	Online Only	Percent Online Only
15,671	2,331	797	5%

Fall 2012			
Total Headcount	Online Headcount	Online Only	Percent Online Only
23,997	3,622	979	4%

Winter 2012			
Total Headcount	Online Headcount	Online Only	Percent Online Only
22,138	3,270	605	3%

Spring 2012			
Total Headcount	Online Headcount	Online Only	Percent Online Only
21,968	3,316	594	3%

Winter 2013			
Total Headcount	Online Headcount	Online Only	Percent Online Only
22,179	3,606	650	3%

Spring 2013			
Total Headcount	Online Headcount	Online Only	Percent Online Only
21,657	3,484	679	3%

- On average, 4% of students took only online courses in 2011-12 and 2012-13.
- In summer 2011 and 2012, 5% of the student population was enrolled only online.
- In fall 2011 and 2012, 4% of the student population was enrolled only online.
- In winter 2012 and 2013, 3% of the student population was enrolled only online.
- In spring 2012 AND 2013, 3% the student population was enrolled only online.
