## Question: 31. Overall, what did you like or dislike about the center?

Respondent	Response
1	Broken equipment (keyboards), outdated software, chaotic check-in process, no way to find out what is available, signage and chaos all over the place with acronyms and references to programs assuming the student already knows what this is talking about. Centralize signage, info at the check in. Most liked the great potential for this student resource. Increasingly work is collaborative, students need to have similar environments for doing collaborative school projects. Students need equipment and collaboration spaces. Some students need services (tutoring, general workshops) Some students need specialized services (language teaching/support, adaptive learning support) It seems like the SSC is compartmentalized so that resource from one sub-area stays unused while other areas are oversubscribed. If your rooms are empty, you are failing to serve students.
3	I like our teachers! They give me more thinking and information.

## Question: 31. Overall, what did you like or dislike about the center?

Respondent	Response
4	The friendly staff was very nice for me.
5	I like the varieties of activities in the center. I don't like some loud conversation in languages other than English because it distract me to concentrate on my workshop.
6	One comment is that the initial invitation I received made it sound like the Language Exchange program would be managed a lot more in the Center, but the person at the desk just said for us to log in our student ID and that was it, we were on our own to figure it out. As it turned out, I was matched with a great partner and we're both self-motivated to study and meet, but other than the initial matchup and meeting it's all been on our own. There's no problem there, maybe just change the initial communication to clarify that after the initial match and meeting at the center that partners are going to self-structure.
9	I like it very much! Thanks!

13	I dislike that it doesn't work after 5:30pm
15	It's a great way of making new friends and meeting new people. And also learning about different cultures. Finally, conversation workshops are great way of practicing speaking!
17	I like the center.

24	the atmosphere of the center
25	I just can't find words to describe all my gratitude to people who runs this Center, and all teachers and tutors who helps us improve our English skills. You are all great, thank you very much!
