

About the Survey

The CCSSE is administered in the spring quarter to credit students and gathers information about their overall college experience.

It focuses on educational practices and student behaviors associated with higher levels of learning, persistence and completion.

De Anza College previously participated in 2007, 2009 and 2012. We will again be participating in spring 2014.

All faculty members teaching in the spring will be included in a pool from which a random sample of course sections will be chosen to administer the survey.

Faculty members whose course section is selected will be notified in late April for administration in early May.

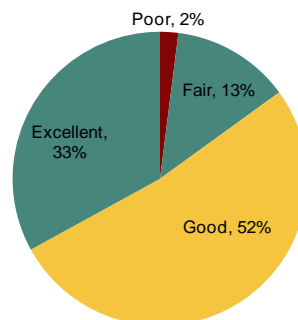

Results from the survey will be distributed campus wide and presented to the academic senate for discussion.

Questions relating to our Institutional Core Competencies are included in this year's survey. The responses will be used to inform part of the assessment process for institutional learning outcomes.

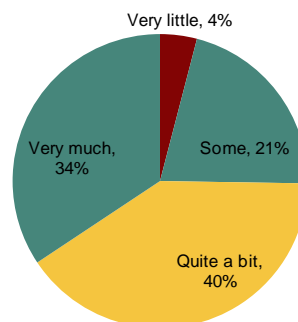

If you have any questions or concerns regarding the survey, please contact Mallory Newell in the research office at newellmallory@deanza.edu.

Student Responses - 2012

How would you evaluate your entire educational experience at De Anza?

How much does De Anza encourage you to spend significant amounts of time studying?

How much does De Anza provide you the support you need to be successful?
