Subject: Veterans Identified from the CCCApply Application – 2013-14 to 2014-15

The Veterans Office requested a count of students who identified as one of the 5 veteran categories on the CCCApply application, who were enrolled at De Anza between summer 2013 and spring 2015. This count will not include students who were identified as receiving services at the Veterans Office or identified in banner as a Veteran Cohort. This report only identifies students who self-identified as a veteran category on their admission application. The analysis includes the average cumulative units earned per group at De Anza up to the term displayed.

Table. 1 –Veterans – 2013-14

| | 2013-14 | | | | | | | |
| | Summer 2013 | | Fall 2013 | | Winter 2014 | | Spring 2014 | |
	Count	Cumulative Units Earned	Count	Cumulative Units Earned	Count	Cumulative Units Earned	Count	Cumulative Units Earned
Currently active military	12	82.5	25	62.4	27	54.2	30	63.3
Dependent spouse or child of currently active military	16	55	29	54.4	30	54.7	18	68.2
Veteran (active or reserve) discharged within the last year	17	60.6	44	49.5	40	53	55	61.3
Veteran (active or reserve) discharged over a year ago	113	73.1	184	63.7	188	66.5	186	68.3
Currently in Reserves or National Guard (non-active)	50	70.1	93	70	83	78.7	82	79.3
Total	208	70.6	375	63.1	368	66.3	371	69.8

Note: Includes unique counts of students identified in each category once in each term. If they are identified in more than one category, they will be counted in both categories. If they are enrolled in multiple terms, they are counted in those terms. Cumulative units earned are average of each group.

For 2013-14, of the five veteran categories available to choose from on the CCCApply application, the largest group enrolled in all terms are Veteran (active or reserve) discharged over a year ago. This group also has the highest accumulation of cumulative units completed.

- The second largest category are students who identify as Currently in Reserves or National Guard (non-active).
