Mariya Yershova

34649 MATH-042.-01 Wnter 2017

Room MLC108 7:30 - 8:20 am

Precalculus II: Trigonometric Functions

Required Text: Ron Larson, Precalculus with Limits (3rd edition). We will not be using WebAssign in this class.

Calculator: TI-83 Plus/TI-84 Plus calculator recommended. You may not use your cellphone as a calculator. Any calculators that can do symbolic mathematics such as TI-89 or HP-49 are not allowed on exams and quizzes.

Office Hours: Monday, Tuesday, Wednesday, and Thursday 9:30-10:00 am, room S43

Tutoring Center: S43

Email Address: yershovamariya@fhda.edu

Prerequisite MATH 41 (with a grade of C or better); or a satisfactory score on the College Level Math Placement Test within the last calendar year. Advisory: EWRT 211 and READ 211 (or LART 211), or ESL 272 and 273.

Course Description: The theory of trigonometric functions and their applications.

Student Learning Outcomes: Formulate, construct, and evaluate trigonometric models to analyze periodic phenomena, identities, and geometric applications.

Class rules: You are expected to attend class every day. If you are not able to attend, you should contact me by email as soon as possible and state the reason. The students are responsible for any material covered and any announcements made in their absence. Private conversations during class are not permitted. Cell phones, tablets, laptops and other electronic devices should not be used, seen or heard during class time. If I see or hear your cell phone or you using it during class time, I confiscate it until the end of that class meeting. Cheating is not tolerated. If a student is found cheating, he or she will receive a failing grade for the course and may be reported to the college.

Important dates: Monday, Jan. 9 - First day of the quarter.

Monday, Jan. 16 - No class. Observance of Martin Luther King's Birthday.

Saturday, Jan. 21 - Last day to add.

Sunday, Jan. 22 - Last day to drop with no record of grade.

Friday, Feb. 3 - Last day to request pass/no pass grade.

Friday-Monday, Feb. 17-20 - No classes: Presidents' Day Weekend.

Friday, March 3 - Last day to drop with a "W".

It is your responsibility to drop the course officially, if you decide that you do not want to continue with the course.

Monday, March 26 - final exam

Testing: There will be around 8 training tests (10 points each) and 3 major tests (100 points each). Major tests contain the material of previous training tests only. Calculators are not used during tests. Two make-ups for missed tests are allowed during the quarter and should be done during my office hours. It is your responsibility to notify me via e-mail the day of the missed test to make arrangements for a make-up. You also can ask me for a permission to redo a test for a higher grade during my office hours. The permission is not guaranteed. The final exam is Wednesday, March 28, 7 a.m.- 9 a.m.

Homework: Written homework will be assigned each day and collected the next class meeting. It will be corrected and returned to you. Homework is the basis of learning and preparing for tests. That is why you must return the homework related to the material of a training test at least two days before the test. If this requirement is not met, but you receive 9 or 10 for the training test, that grade will be accepted. If the homework is not returned two days before the test and the grade for the training test is lower than 9, that grade will be substituted with a zero.

Grading: Your grade will be based on the following:

Training tests 80 points Tests 300 points Final exam 150 points

Total 530 points

The grading scale is:

Percentages	Grade
86 - 100	\mathbf{A}
76 - 85	В
66 - 75	\mathbf{C}
52 - 65	D
Below 52	\mathbf{F}

Have a great quarter to all!
