Parent, Student, Principal – please read the following information carefully and approve below:

By entering a college environment, students who are minors will be exposed to a diverse population in educational programs designed for the adult learner. Courses may involve sensitive topics that might be considered controversial or offensive in the secondary school setting. Students also have open access to the internet on campus computers and access to family planning (pregnancy testing, HIV testing, condoms) in the Health Center.

All college coursework is governed by the Family Education Rights and Privacy Act which allows release of academic information, including grades, to the student only - regardless of age. Academic information is not released to parents or third parties without the written consent of the student.

If a class does not meet at its scheduled time (i.e. cancelled class or ends early), De Anza College does not inform parents or guardians nor will staff or the instructor assume responsibility for students once a class is released.

I have read the above and authorized part-time at De Anza.
