Environmental Education and Nature Based Learning 2 Units
(Formerly Environmental Studies 100X and 100Z respectively.)
Credit course - Does not apply to De Anza Associate degree.
(Local field trips may be required.)
Advisory: English Writing 211 and Reading 211 (or Language Arts 211), or English as a Second Language 272 and 273.
Two hours lecture for the two unit course, four hours lecture for the four unit course.
Environmental education for educators emphasizing environmental and ecological concepts, nature-based learning and other curricula, interpretive techniques, development of classroom lesson plans, a review of field trip sites and other resources available to educators. The Cheeseman Environmental Studies Area and local field trip sites will be explored. Teaching environmental curricula to various cultural, ethnic and socioeconomic groups will be discussed.
Introduction to Environmental Careers 1 Unit
Advisory: English Writing 211 and Reading 211 (or Language Arts 211), or English as a Second Language 272 and 273.
One hour lecture.
Learn about saving the planet through environmental careers, including ecosystem management, restoration ecology, corridors ecology, energy management, technology, environmental stewardship, environmental education, watershed management, environmental law, pollution prevention and more. Opportunities for internships and employment in business, industry, public agencies, academia and nonprofit agencies will be explored. Students will prepare an academic plan for their two- or four-year degree, certificate or workplace.
Environmental Studies Internship 1 Unit
Advisory: English Writing 211 and Reading 211 (or Language Arts 211), or English as a Second Language 272 and 273.
One hour lecture for each unit of credit.
A work experience internship seminar that may be taken concurrently with Cooperative Education 50. The seminar will prepare student interns for internships in business, industry or government related to the student's field of study. The internship must occur during the last year of study prior to completion of a degree or certificate program.
Film and Television Production
Introduction to Film 4 Units
(See general education pages for the requirement this course meets.)
Advisory: English Writing 1A or English as a Second Language 5.
(Also listed as English Literature 1. Student may enroll in either department, but not both, for credit.)

(Film/Television 2B or Film/Television 2BW, but not both, for credit.)
Four hours lecture and one-half hour of additional lecture for each one-half unit, as an additional one-half hour lecture per week or as two additional three hour lecture meetings per quarter.
Introduction to Electronic Media 4 Units
(See general education pages for the requirement this course meets.)
Advisory: English Writing 1A or English as a Second Language 5.
(Also listed as Humanities 17. Student may enroll in either department, but not both, for credit.)
Four hours lecture, one additional hour to be arranged.
A survey course of the history, aesthetics, technology and social impacts of electronic media, including film, broadcasting and the internet. Explores the role of government, advertising, audiences, and emerging technologies, their futures and impacts on global societies.
Basic Digital Film/Video Production 4 Units
Corequisite: Film/Television 20 students must also enroll in Film/Television 54, 54X, 54Y, or 54Z.
Advisory: English Writing 211 and Reading 211 (or Language Arts 211), or English as a Second Language 272 and 273.
Three hours lecture, three hours laboratory.
Digital video production, film-style production techniques including mini-DV and HDV formats: camera operation and procedures, basic principles and techniques of sound and scriptwriting; and film and nonlinear editing.
16mm Film Production I 4 Units
Prerequisite: Film/Television 20.
Corequisite: Film/Television 22 students must also enroll in Film/Television 54, 54X, 54Y, or 54Z.
Three hours lecture, three hours laboratory.
Logistics, scriptwriting, sound recording, film and sound editing. Methods by which visual and aural elements of a motion picture may be organized. The study and analysis of exemplary motion pictures as well as of the student's own work.
Film Genres 4 Units
Advisory: English Writing 1A or English as a Second Language 5.
(Also listed as English Literature 3. Student may enroll in either department, but not both, for credit.)
Four hours lecture.
Any combination of Film/Television 41 and English Literature 3 may be taken up to three times for credit as long as the topic matter is different each time.

(Also listed as English Literature 4. Student may enroll in either department, but not both, for credit.)
Four hours lecture.
Any combination of Film/Television 42 and English Literature 4 may be taken up to three times for credit as long as the topic matter is different each time.
Analysis of selected national cinemas in terms of major periods, themes and formal parameters, and in relation to both national and international cultural histories. The national cinema studied changes each quarter (see subtitle in quarterly class schedule).
Film Artists 4 Units
Advisory: English Writing 1A or English as a Second Language 5.
(Also listed as English Literature 5. Student may enroll in either department, but not both, for credit.)
Four hours lecture.
Any combination of Film/Television 43 and English Literature 5 may be taken up to three times for credit as long as the topic matter is different each time.
Analysis of the works of specific film artists, such as directors, Alfred Hitchcock or Orson Welles; or analysis of the works of artists practicing a specific film craft, such as screenwriting, acting, cinematography or editing. The topic studied changes each quarter (see subtitle in quarterly class schedule).
History of Experimental Film/Video 4 Units
Advisory: English Writing 211 and Reading 211 (or Language Arts 211), or English as a Second Language 272 and 273.
Four hours lecture.
F/TV 58R  Film/Television Production Workshop  1/2 Unit
F/TV 58S  1 Unit
F/TV 58T  2 Units
F/TV 58U  3 Units
F/TV 58V  4 Units
F/TV 58W  5 Units
F/TV 58X  6 Units
F/TV 58Y  7 Units
F/TV 58Z  8 Units
Prerequisite: Film/Television 20.

F/TV 60A  Scriptwriting for Film and Video I  4 Units
Advisory: English Writing 1A or English as a Second Language 5.
Four hours lecture.
Introduction to scriptwriting for film and video; the role of the script in media production; format and structure in the script; the basic skills of scriptwriting for fiction and nonfiction.

F/TV 60B  Scriptwriting for Film and Video II  4 Units
Advisory: Film/Television 20 or English Writing 211 and Reading 211 (or Language Arts 211), or English as a Second Language 272 and 273; Mathematics 210 or equivalent.
Four hours lecture.
Intermediate course in scriptwriting for fiction and nonfiction film and video projects; examination of structure and characterization in dramatic narrative; consideration of approach and structure in nonfiction; emphasis on development and revision of script projects.

F/TV 60C  Scriptwriting for Film and Video III  4 Units
Prerequisite: Film/Television 60B.
Advisory: English Writing 1A or English as a Second Language 5.
Four hours lecture, one additional hour to be arranged.
Advanced course in scriptwriting for fiction and non-fiction film and video projects; examination of classical and experimental structures in fiction and non-fiction; further practice in the development and revision of script projects.

F/TV 61  TV Scriptwriting for Training and Communications  4 Units
Prerequisite: Film/Television 60A.
Advisory: English Writing 1A or English as a Second Language 5.
Four hours lecture, three hours laboratory.
Scriptwriting for business and institutional film and video; structure, format, and elements of programs for information, training, marketing, and corporate communication.

F/TV 62  Lighting for Television and Film  4 Units
Advisory: English Writing 211 and Reading 211 (or Language Arts 211), or English as a Second Language 272 and 273; Mathematics 212 or equivalent.
Three hours lecture, four hours laboratory.
Introduction to the basic principles of studio and location lighting for film, television, animated, and composited production. Focusing on the evaluation of the aesthetic styles and techniques of lighting in professional production. Analyzing and application of basic electricity, lighting instruments, dimming equipment, light color, media, and gaffer equipment. Practical experience in film and television productions.
F/TV 63A Studio and Remote Audio Production 4 Units
Advisory: English Writing 211 and Reading 211 (or Language Arts 211), or English as a Second Language 272 and 273; Mathematics 212 or equivalent.
Three hours lecture, three hours laboratory.
Study of the art and techniques of radio, television, film and media audio recording. Emphasis is on preparation and production in studio and on location. Examines the aesthetics of design and sound mixing, the technologies of analog and digital audio, and manipulation of sound in the aural and recorded environment. Practical experience in media production.

F/TV 64A Fiction Screenwriting I 4 Units
Prerequisite: Film/Television 69B or 60C.
Advisory: English Writing 1A or English as a Second Language 5.
Four hours lecture.
Fictional screenwriting geared toward the planning, outlining and structuring of an original three-act feature-length fiction screenplay and the writing of the first-act.

F/TV 64B Fiction Screenwriting II 4 Units
Prerequisite: Film/Television 64A.
Advisory: English Writing 1A or English as a Second Language 5.
Four hours lecture.
An intensive seminar in writing feature-length fiction screenplays; Practice in the development and completion of a three-act narrative script focusing on plot, character development, arcs, turning points and journeys.

F/TV 64C Fiction Screenwriting III 4 Units
Prerequisite: Film/Television 64B.
Advisory: English Writing 1A or English as a Second Language 5.

Four hours lecture.
Current creative, technical, economic, and employment conditions in film and video as seen by working professionals.

F/TV 66A Basic Techniques of Animation: 3D Media 3 Units
(Formerly Film/Television 66.)
Two hours lecture, two hours laboratory.
An exploration of the techniques of three-dimensional stop-motion and non-cel animation, as applied to a variety of art media (puppet, clay, pixilation, shadow puppets and other under-camera art media). Principles of movement and timing, lighting and cinematography, and multiplane dimensionality, with application to both computer and traditional drawn animation.

F/TV 67G Drawing for Animation: Human Figure 3 Units
Prerequisite: Film/Television 69 (may be taken concurrently).
Two hours lecture, three hours laboratory.
Life drawing workshop, designed specifically for animators for study of staging, posing, movement, and character design. Exercises include quick gesture drawings, silhouette form composition, constructive drawing techniques, multiple-pose memory sketches and analysis of action to determine key and breakdown drawings. Emphasis on rendering anatomical details of heads and hands and on keeping character volume consistent when drawn from a variety of angles.

F/TV 67H Drawing for Animation: Animal Expression 3 Units
Prerequisite: Film/Television 69 (may be taken concurrently).
Two hours lecture, three hours laboratory.
Drawing workshop, designed specifically for animators and focusing on animals, birds, insects and objects as anthropomorphic characters. Exercises include quick gesture drawings, silhouette form composition, constructive drawing technique and fast-pose memory sketches from live models and reference film. Design and construction of model sheets for both realistic and stylized characters. Analysis of comparative anatomy and locomotion.

F/TV 67I Drawing for Animation: Layout and Visual Development 3 Units
Prerequisite: Film/Television 70H.
Two hours lecture, three hours laboratory.
Drawing and art direction workshop for animators, concentrating on expanding storyboards into full layouts. Development of visual style for an animated film production. Design of props and backgrounds, utilizing one-point, two-point and three-point perspective, and including animation of elaborate camera movement. Drawn representation of telephoto or wide-angle lens perspective and depth of field.

F/TV 68 Sound for Animation 3 Units
Two hours lecture, two hours lecture-laboratory.
Principles of soundtrack design to accompany the unique properties of the animated image. Aesthetics and techniques of film music. Recording, editing and mixing of voice, music and sound effects using location, studio and library sources. Methods of lip-synched character dialogue, musical synchronization to animation, and sound effects ambience.

F/TV 69 Principles of Animation: Character and Motion 3 Units
Two hours lecture, two hours lecture-laboratory.
Investigation of the fundamental principles of movement and timing when animating characters or objects, progressing from simple to complex motion. Experience in creating character weight, power and emotion; portraying the forces of nature in "effects" animation and manipulating the quality of the line and the image. Close analysis of the animation technique in exemplary professional films.

F/TV 70G Screenwriting for Animation 4 Units
Advisory: Film/Television 66 and/or 69; English Writing 1A or English as a Second Language 5.
Four hours lecture.

F/TV 70H The Animation Storyboard 3 Units
(Formerly Film/Television 70.)
Advisory: Film/Television 66 and/or 69.
Two hours lecture, two hours lecture-laboratory.
(May be taken twice for credit.)
Methods of planning and designing animated films using the storyboard technique. Focus on translating concepts into visuals, selecting camera angles and choosing editing style. Exploration of animation’s unique cinematic vocabulary and its potential for personal expression, social advocacy and/or literary adaptation.

F/TV 71 Animated Film Production Workshop 3 Units
Prerequisite: Film/Television 66A, 69, 84A or consent of instructor.
Two hours lecture, two hours lecture-laboratory.
(Film/Television 71 may be taken up to six times, not to exceed 18 units, as course content is different each time it is offered.)
Practice in refinement of animation motion design and timing. Development of initial concept stages for a short personal film in any style of animation (e.g., drawn), stop-motion or computer, suitable for public screening, including Creation of storyboards, character models, soundtracks and motion tests. Course content and lecture-demonstration material are driven by student projects and change completely each quarter.

F/TV 72 Advanced Animation Workshop 3 Units
Prerequisite: Film/Television 71.
Two hours lecture, two hours lecture-laboratory.
(Film/Television 72 may be taken up to six times, not to exceed 18 units, as course content is different each time it is offered.)
Creation of visual and audio elements for production of a personal film in any style of animation (e.g., drawn), stop-motion or computer, which can serve both as the student’s diploma film and as a professional portfolio piece. Investigation of career options and marketing strategies as they pertain to each project. Formulation of portfolios and demo reels. Course content and lecture-demonstration material are driven by student projects and change completely each quarter.

F/TV 73 Animation Production Laboratory 1/2 Unit
F/TV 73X 1 Unit
F/TV 73Y 2 Units
F/TV 73Z 3 Units
Concurrent: Film/Television 73, 73X-2 students must also enroll in an animation production course.
Three hours laboratory for each unit of credit.
(Any combination of Film/Television 73, 73X, 73Y, and 73Z may be taken up to six times, not to exceed 18 units, as long as the topics/projects are different each time.)
Supervised use of film and television laboratory equipment and facilities to fulfill assigned projects in other animation production courses.

F/TV 75G History of Animation 4 Units
(See general education pages for the requirement this course meets.)
Advisory: English Writing 1A or English as a Second Language 5.
Four hours lecture.
An international survey of the historical development of the animated film, from its pre-cinema origins to a contemporary art form, with emphasis on the contributions of major studios, including Bray, Sullivan, Fleischer, Disney, Warner Brothers, UPA, Zagreb, Shanghai, the Canadian Film Board and England’s Channel Four, as well as many works by important independent artists. Close analysis of social messages, historical significance and exemplary artistic technique.

All courses are for unit credit and apply to a De Anza associate's degree unless otherwise noted.
### F/TV 75H Classic Hollywood Animation 4 Units
Advisory: English Writing 1A or English as a Second Language 5.
Four hours lecture.

### F/TV 75I Contemporary World Animation 4 Units
Advisory: English Writing 1A or English as a Second Language 5. Four hours lecture.
A survey of international animation from 1970 to the present, concentrating on England, Canada, Eastern Europe, Japan, China and other animation centers, including many masterworks never released in North America. Emphasis on short films created by independent artists in media ranging from traditional hand-drawn to puppets, cutouts, clay and computer. Close analysis of social messages, historical significance and exemplary artistic technique.

### F/TV 75J The Animated Feature Film 4 Units
Advisory: English Writing 1A or English as a Second Language 5. Four hours lecture.
A survey of the evolution of the full-length animated film from its origins in the silent cinema to the present, including rare masterworks. Emphasis on hand-drawn, puppet and computer creations from England, France, Russia, Czechoslovakia and Japan, as well as Hollywood and the San Francisco Bay Area. Close analysis of social messages, historical significance and exemplary artistic technique.

### F/TV 75K Japanese Animation 4 Units
Advisory: English Writing 211 and Reading 211 (or Language Arts 211), or English as a Second Language 272 and 273. Four hours lecture.
An examination of the post-1960s evolution of animated films in Japan, a national cinema famed for its exciting range of subject matter and outstanding graphics. Screening of exemplary and influential works by distinguished artists, writing collectives and production studios. Close analysis of social content, reflections of history, adaptations of literature and artistic technique.

### F/TV 76 Special Topics in Film Studies 1/2 Unit
F/TV 76W 1 Unit
F/TV 76X 2 Units
Advisory: English Writing 1A or English as a Second Language 5.
One hour lecture for each unit of credit.
(Any combination of Film/Television 76, 76W, and 76X may be taken up to six times for credit as long as topics/projects are different each time.) Concentrated investigation of an influential film artist, studio, national cinema, genre, movement, or historical period. The topic studied is different for each section of this course and may include Bay Area film festival and nonprofit-organization screenings and events (see course note in class schedule).

### F/TV 77X Animation History Area Studies 1 Unit
F/TV 77Y 2 Units
(Formerly Film/Television 87X and 87Y respectively.) Credit course - Does not apply to De Anza Associate degree.
Advisory: English Writing 1A or English as a Second Language 5.
One hour lecture for each unit of credit.
(Any combination of Film/Television 77X and 77Y may be taken up to six times, not to exceed 18 units, as long as the topics/projects are different each time.) Pass-No Pass (P-NP) course.
Concentrated investigation of an influential animated film director, studio, genre, movement, national cinema, historical period or applied technique. The topic studied is different for each section of this course (e.g. Aardman and the U.K., Disney, the Canadian Film Board, Bay Area Animation, the Animated Documentary or visiting animators).

### F/TV 79G Workshop with Professional Traditional Animator 3 Units
Two hours lecture; two hours lecture-laboratory.
(Any combination of Film Television 79G and 79H may be taken up to six times, not to exceed 18 units, as long as the topics/projects are different each time.) Intensive workshop in a specialized area of drawn or puppet animation production (e.g. writing, storyboard, layout, fabrication, lighting, motion design, soundtrack construction, etc.) with an instructor with full-time experience on feature films or national television commercials at a major Bay Area animation studio (Industrial Light & Magic, Pixar, PDI/Dreamworks, Wild Brain, Phil Tippett, Electronic Arts, etc.) Repeatable as instructors, topics and/or student productions vary.

### F/TV 79H Workshop with Professional Computer Animator 4 Units
Three hours lecture; three hours laboratory.
(Any combination of Film Television 79G and 79H may be taken up to six times, not to exceed 18 units, as long as the topics/projects are different each time.) Intensive workshop in a specialized area of computer animation production (e.g. character/prop modeling, texturing, lighting, skeletal articulation; animation, special visual effects or composting techniques) with an instructor with full-time experience on feature films or national television commercials at a major Bay Area animation studio (Industrial Light & Magic, Pixar, PDI/Dreamworks, Wild Brain, Phil Tippett, Electronic Arts, etc.) Repeatable as instructors, software and/or student productions vary.

### F/TV 80G Independent Projects in Animation 2 Units
Prerequisite: Demonstrated skill; consent of instructor.
Four hours lecture-laboratory.
(Film/Television 80G may be taken up to six times, as long as the topics/projects are different each time.) Advanced individual and group creative projects in animation production or animation history.

### F/TV 80H Animated Film Completion for Certificate/Degree 1 Unit
Prerequisite: Culminating film project at point of completion.
Three hours laboratory. A course designed to record the completion of a student’s certificate/degree film. Students enroll in this course only in the quarter in which the film will be completed.

### F/TV 81 Seminar in Animation Production Topics 1/2 Unit
F/TV 81X 1 Unit
F/TV 81Y 2 Units
F/TV 81Z 3 Units
Two hours lecture-laboratory for each unit of credit.
(Any combination of Film/Television 81, 81X, 81Y , and 81Z may be taken up to six times, not to exceed 18 units, as long as the topics/projects are different each time.) Intensive workshop in a specialized area of animation production (e.g. puppet animation, gesture drawing, special visual effects, the role of the producer, advanced computer techniques).

### F/TV 83A Introduction to 2D Computer Animation 3 Units
Prerequisite: Film/Television 66A or 69 (either may be taken concurrently).
Two hours lecture, three hours laboratory.
(Film/Television 83A may be repeated only if the Animation program switches to a different software. No combination of Film/Television 83A and 83B may be taken more than four times or exceed 16 units.) Utilization of the computer in the creation of two-dimensional animation with application to educational CD-ROMs, video games, television or the Internet. Strengths and limitations compared to traditional animation techniques. Concentration on methods of creating sequences of character movement in the drawn image, timing soundtracks for synchronization, constructing storyboard reels, and adding color and texture to artwork.

### F/TV 83B Advanced 2D Computer Animation 4 Units
Prerequisite: Film/Television 83A.
Three hours lecture, three hours laboratory.
(Film/Television 83B may be repeated only if the Animation program switches to a different software. No combination of Film/Television 83A and 83B may be taken more than four times or exceed 16 units.) Deployment of computer software in the production of professional narrative drawn animation, such as feature films or television series. Emphasis on digitizing and layering imagery, designing simple and complex movements of the virtual camera, and employing digital coloring techniques in lieu of traditional cel inking and painting.

### F/TV 84A Introduction to 3D Computer Animation 4 Units
Prerequisite: Film/Television 83A.
Three hours lecture, three hours laboratory.
(Any combination of Film/Television 84A, 84B, and 84C may be taken up to six times, not to exceed 18 units, for the family of courses as long as the Animation program switches to a different software.) Orientation to the concepts and production process of three-dimensional (3D) computer animation. Introduction to the software interface, to basic design and construction of computer models, and to fundamentals of texturing, lighting and rendering in the creation in the production of 3D cinematic stills.

### F/TV 84B Intermediate 3D Computer Animation 4 Units
Prerequisite: Film/Television 84A.
Three hours lecture, three hours laboratory.
(Any combination of Film/Television 84A, 84B, and 84C may be taken up to six times, not to exceed 18 units, for the family of courses as long as the Animation program switches to a different software.) Application of the classic principles of traditional animation regarding movement and timing to computer animation. Digital motion design in a professional software program via techniques such as keyframing, motion path animation and shape blending. Fundamentals of rigging models for expressive movement, including introduction to forward and inverse kinematics. Principles of simulated cinematography and visual aesthetics.
FREN 1 Elementary French (First Quarter) 5 Units
(See general education pages for the requirement this course meets.)
Advisory: English Writing 200 and Reading 200 (or Language Arts 200), or English as a Second Language 261, 262 and 263.
Five hours lecture, one hour laboratory.
Introduction to the language and cultures of the French-speaking countries. Basic speaking, listening, reading and writing of French will be introduced and practiced within a cultural framework. Emphasis will be on language as an expression of culture. Language laboratory practice to reinforce pronunciation, grammar and syntax. (FREN 1+2+3, or FREN 10 = CAN FREN SEQ A)

FREN 2 Elementary French (Second Quarter) 5 Units
(See general education pages for the requirement this course meets.)
Prerequisite: French 1.
Five hours lecture, one hour laboratory.
Further development of material presented in French 1. Continuation of introduction to the language and cultures of the French-speaking countries. Basic speaking, listening, reading and writing of French will be introduced and practiced within a cultural framework. Emphasis will be on language as an expression of culture. Language laboratory practice to reinforce pronunciation, grammar and syntax. (FREN 1+2+3, or FREN 10 = CAN FREN SEQ A)

FREN 3 Elementary French (Third Quarter) 5 Units
(See general education pages for the requirement this course meets.)
Prerequisite: French 2.
Five hours lecture, one hour laboratory.
Further development of material presented in French 1 and French 2. Completion of introduction to the languages and cultures of the French-speaking countries. Basic speaking, listening, reading and writing of French will be introduced and practiced within a cultural framework. Emphasis will be on language as an expression of culture. Language laboratory practice to reinforce pronunciation, grammar and syntax. (FREN 1+2+3, or FREN 10 = CAN FREN SEQ A)

FREN 4 Intermediate French (First Quarter) 5 Units
(See general education pages for the requirement this course meets.)
Prerequisite: Demonstrated proficiency in the language competency descriptions for level three, or equivalent of level three.
Five hours lecture.
Reading and discussion of texts dealing with the literature, arts, geography, history and culture of the French-speaking world. Review of the linguistic functions and grammar structures of first-year French. Development of reading, writing, speaking and listening skills at the first intermediate level. (FREN 4+ 5 + 6 = CAN FREN SEQ B)

FREN 5 Intermediate French (Second Quarter) 5 Units
(See general education pages for the requirement this course meets.)
Prerequisite: Demonstrated proficiency in the language competency descriptions for level four, or equivalent of level four.
Five hours lecture.
Reading and discussion of texts dealing with the literature, arts, geography, history and culture of the French-speaking world. Review of the linguistic functions and grammar structures of first-year French. Development of reading, writing, speaking and listening skills at the second intermediate level. (FREN 4+ 5 + 6 = CAN FREN SEQ B)

FREN 6 Intermediate French (Third Quarter) 5 Units
(See general education pages for the requirement this course meets.)
Prerequisite: Demonstrated proficiency in the language competency descriptions for level five, or equivalent of level five.
Five hours lecture.
Reading and discussion of texts dealing with the literature, arts, geography, history and culture of the French-speaking world. Review of the linguistic functions and grammar structures of first-year French. Development of reading, writing, speaking and listening skills at the third intermediate level. (FREN 4+ 5 + 6 = CAN FREN SEQ B)

FREN 10 Intensive French (First Year) 15 Units
Advisory: English Writing 200 and Reading 200 (or Language Arts 200), or English as a Second Language 261, 262 and 263.
One hundred eighty hours lecture, thirty-six hours laboratory for the quarter.
Development and practice of skills for oral and written communication. Emphasis on structure of grammar, syntax, vocabulary and pronunciation. Language of instruction is primarily French. (FREN 1+2+3, or FREN 10 = CAN FREN SEQ A)

FREN 13A Intermediate Conversation (First Quarter) 3 Units
Prerequisite: French 3, or three years of high school French, or equivalent.
Three hours lecture.
Review and development of conversational skills in the targeted functions studied in first-year French with attention to fluency, vocabulary, idioms, and pronunciation. Practice in conversational exchanges and strategies. Discussion of culturally relevant topics and situations.

FREN 13B Intermediate Conversation (Second Quarter) 3 Units
Prerequisite: French 4 or 13A, or four years of high school French, or equivalent.
Three hours lecture.
Continued practice and development of conversational skills in the targeted functions studied in first-year French with increased attention to fluency, vocabulary, idioms, and pronunciation. Practice in conversational exchanges and strategies emphasizing improvisational skills. Discussion of culturally relevant topics and situations.

FREN 13C Advanced Conversation 3 Units
Prerequisite: French 5 or 13B, or equivalent.
Three hours lecture.
Continued practice and development of conversational skills in the targeted functions studied in first-year French, with greater communicative competence. Increased control of conversational exchanges and strategies. Discussion of culturally relevant topics and situations.
FREN 77  Special Projects in French  1 Unit
FREN 77X  2 Units
FREN 77Y  3 Units
(Formerly French 40, 40X, and 40Y)
Prerequisite: Consent of instructor and division dean.
Three hours laboratory for each unit of credit.
(Any combination of French 77, 77X, and 77Y may be taken up to six times, not
to exceed 18 units, as long as the topics/projects are different each time.)
Special reading, writing, or study projects in any discipline in French, determined
in consultation with the instructor.
FREN 90A  Introductory French (First Quarter)  3 Units
Three hours lecture, one hour laboratory.
A practical course in the French language, approached by intensive drills in the
patterns and idioms of daily speech supported by sufficient grammar to give
flexibility in the spoken language.
FREN 90B  Introductory French (Second Quarter)  3 Units
Prerequisite: French 90A.
Three hours lecture, one hour laboratory.
