## Student Learning Outcomes for AUTO 63D

*Transmission Diagnostic and Repair Techniques*

---

### Team Members:

**Team Leader:**

Rick Maynard (8704) in AUTO

**Additional team members/notes about team:****Additional Notes:**

Other members:

1. Rick Maynard (x8704) AUTO
- 

### Outcomes:

**Outcome 1 Phase I: Statement**

The student will show an understanding of the operation of transmission solenoids and the corresponding voltage values for diagnostic purposes.

**Outcome 1 Phase II: Assessment Strategy Used:**

Assessment Quarter: Winter 2011

Assessors: Rick Maynard Rick Maynard

Assessment Tools: No tools assigned.

Sections being assessed: 95

**Outcome 1 Phase III: Reflect & Enhance**

**Number of people involved in Phase III:** 1

**Changes:**

None

**Methods:**

Select test questions on final exam.

**Findings and Conclusions:**

The students showed an excellent knowledge of transmission solenoid operation.

**Enhancement (Planned Actions)**

**Part I:**

None

**Part II:**

None
