## Student Learning Outcomes for NURS 84C

*Critical Thinking in Nursing*

---

### Team Members:

**Team Leader:**

Cassie Hanna () in NURS

**Other members:**

1. Jeff Schinske (xext. 8750) BIOL

**Additional team members/notes about team:**

Jeff Schinske, Anita Khandula,  
Patricia O'Neill

**Additional Notes:**

---

### Outcomes:

**Outcome 1 Phase I: Statement**

Correctly apply critical thinking skills to patient care scenarios.

**Outcome 1 Phase II: Assessment Strategy Used:**

Assessment Quarter: Winter 2011

Assessors: Patricia O'Neill

Assessment Tools: No tools assigned.

Sections being assessed: 01

**Outcome 1 Phase III: Reflect & Enhance**

**Number of people involved in Phase III:** 2

**Changes:****Methods:**

3 short answer questions on final exam to identify "inference" and correct nursing skill.  
Students need to state "I suspect..." the correct medical/nursing problem

**Findings and Conclusions:**

25/28 were able to correctly identify the problem. The most common problem was not phrasing answer in terms of an inference but used the medical diagnosis instead.

**Enhancement (Planned Actions)****Part I:**

Will continue with evaluation of test questions as is currently being done.

**Part II:**

None needed
