Additional Notes:

### Outcomes:

**Outcome 1: Statement** Modified: [05/24/2010]

Apply own cultural background to concepts of mental health and mental illness.

### Assessment Cycle Records:

**Outcome 1: Assessment Planning** Modified: [12/09/2011]

#### Assessment Strategy Used:

Quarter: Fall 2011

Assessors: Rebecca Sherwood

Assessment Tools: Papers/Essays

Sections being assessed: 55, 56

**Outcome 1: Reflect & Enhance** Modified: [12/09/2011]

**Number of people involved in Phase III: 2**

**Changes:**

#### Methods:

1-2 page paper examining mental health from their own cultural perspectives. The paper is pass/fail.

#### Summary:

100% of the 18 students were able to write a paper adequately describing their cultural and personal viewpoints of mental health.

**Enhancement (Part I):**

none

**Enhancement (Part II):**

none

**Outcome 2: Statement** Modified: [05/24/2010]

Design a critical thinking component in relation to the nursing care of a patient with a given psychiatric diagnosis.

**Outcome 2: Assessment Planning** Modified: [12/09/2011]

#### Assessment Strategy Used:

Quarter: Fall 2011

Assessors: Rebecca Sherwood

Assessment Tools: *No tools assigned.*

Sections being assessed: 55, 56

**Outcome 2: Reflect & Enhance** Modified: [12/09/2011]

**Number of people involved in Phase III: 2**

**Changes:**

#### Methods:

One element of group presentation (2-3 per group) on a psychiatric case study. Currently, pass/fail.

#### Summary:

100% passed on the presentations.

Students need to demonstrate more complex examination of diagnosis. Several groups used only multiple choice questions. I need to be more precise in what is expected as "critical thinking"

**Enhancement (Part I):**

Will actually give points for each section of the presentation.  
Will give more precise instructions about what is expected.

**Enhancement (Part II):**  
none
