Sections being assessed: 61

#### Outcome 1: Reflect & Enhance Modified: [01/26/2011]

**Number of people involved in Reflection and Enhancement: 1**

##### Changes:

##### Methods:

To examine this SLO, a program plan and reflection was developed. The program plan and reflection takes a student to integrate family support practice after being expose to an experience of service in the community. A rubric to assess the reflection paper and program plan was used.

##### Summary:

90% of the students were found at the apprentice level. Critical thinking, an area for improvement, was at face value when students are expected to asks questions and shows awareness of multiple perspectives.

##### Enhancement (Part I):

Faculty has suggested the rubric be reviewed to be more explicit as to what is required from the student. There is a need to provide more clarity on the evaluation procedure.

##### Enhancement (Part II):
