

# Assessment: Administrative Unit Four Column

## Dept AS - Institute for Community and Civic Engagement

<i>Administrative Unit Outcomes (AUOs)</i>	<i>Assessment Methods</i>	<i>Assessment Data Summaries</i>	<i>Enhancements</i>
<p><b>ICCE_AUO_1</b> - Faculty and staff and administrators will understand how to promote civic engagement for equity and social justice as an important part of their work</p> <p><b>AUO Status:</b> Active  <b>Year(s) to be Assessed:</b> 2011-2012, 2013-2014, 2015-2016  <b>Outcome Creation Date:</b> 11/05/2010</p>	<p><b>Survey</b> - First Assessment Cycle conducted in 2011-12. We did a Civic Engagement Survey that tracked student knowledge of these issues. across campus and in our "service" classes.  This survey will be conducted every other year (2013-14 / 2015-16).  <b>Target for Success:</b> We would like to be above 80% for the social issues parts of that survey.</p>	<p><b>Program Review Reporting Year:</b> 2011-2012  <b>Target :</b> Target Met  We were happy to find that De Anza students did better than college students as a whole on our engagement metrics, and that our S students did significantly better than De Anza students as a whole.  (10/22/2012)  <b>Reflection (CLICK ON ? FOR INSTRUCTIONS):</b> We will continue to target our work to the campus as a whole and continue to find ways to engage our students beyond those taking S classes.</p>	
	<p><b>Survey</b> - We did a survey of student outcomes on a variety of measures having to do with civic capacity.  <b>Target for Success:</b> We would like to reach a goal of 80% as a minimum for all questions on this survey. For next Year (2014-15) I would like to see some progress toward that goal.</p>		
	<p><b>Survey</b> - We assessed that AUO by doing a campus wide civic engagement survey in conjunction with the Office of Institutional Research.</p> <p><b>Target for Success:</b> We would like to have over 80% for at least 1/3 of</p>	<p><b>Program Review Reporting Year:</b> 2013-2014  <b>Target :</b> Target Met  A few key findings from the survey are:  1. For De Anza classes in general our results are not much different from last year.  2. For our S classes the findings are excellent. Here are 2 examples:  • 90% of 'S' students stated they strongly agree or</p>	<p><b>Enhancement:</b> We plan to introduce an Environmental Sustainability and Global Citizenship requirement to encourage civic development for students in a wider range of classes (12/15/2014)</p>

	<p>questions for our non-S students.</p>	<p>agree that they believe more now than before that they have something to offer the world compared to 82% all other students.</p> <ul style="list-style-type: none"> <li>81% of 'S' students stated they strongly agree or agree that they believe more now than before that that they are able to affect social or political change compared to 64% of all other students.</li> </ul> <p>3. In the classes where we are really working with students we are having an impact. We hope that in the coming years we will begin to have a broader impact, and begin to see more movement on this survey across campus in the non-S designated classes. (12/15/2014)</p> <p><b>Reflection (CLICK ON ? FOR INSTRUCTIONS):</b> Our S classes are very impactful. To have more impact we'd like to engage more students beyond the S classes</p>
