

CIS Program Level Outcomes

Dept - (B/CS) Computer Information Systems

<i>Program Level Outcomes (PLOs)</i>	<i>Assessment Methods</i>	<i>Assessment Data Summaries</i>	<i>Enhancements</i>
Computer Programming Certificates PLO 1 - Create a design, implement and debug solutions for computing systems of different levels of complexity using C/C++ or Java or Perl or Visual BASIC. PLO Status: Active Outcome Creation Date: 07/11/2011	Underlying Course - CIS 15C, CIS 27, CIS 22C, CIS 35B all have this outcome.	Program Review Reporting Year: 2016-2017 Target : Target Not Met CIS 22A statistics show that only 56% of students continue to CIS 22B from CIS 22A. (10/09/2017) Reflection (CLICK ON ? FOR INSTRUCTIONS): Many students who do succeed have had some, albeit small, experience with coding. The absolute newbies feel disenfranchised from the beginning.	Enhancement: As mentioned in meeting notes, Delia is LINCing in Winter 2018! She will teach CIS 22A along with Francesca Caparas who will teach EWRT 1A. (09/25/2017)
