Date/Location	05/13/09 at 11:30am in PSME division office		
Note Taker	Gregory Anderson		

Agenda

- ◆ Finalizing committee replacement information
- ◆ Research and Assessment—guest Dr Andrew LaManque

Minutes

- ◆ **Announcements**
 - Finalized and planned for distribution of Job Description for recruiting committee replacement—both temporary PDL replacement (Bambhania) and permanent replacement (Fink)
 - Explained that the Title III grant will be audited in a couple weeks, so we need to document hour. Anderson will ask for a total number of hours that each participant needs to submit.
- ◆ **Research**—report from Dr. LaManque and discussion of implications of the results of all interventions in developmental level math courses
 - The Committee examined and discussed results of the various interventions that we are doing at the developmental level. We noted the continuing success of the two programs—Enable Math and MPS—and discussed the challenges of reduced funding and staffing that face both of these programs.
 - LaManque will next look at tracking students' progress AFTER they have passed out of the developmental classes—especially as individual Ss
 - Spent a great deal of time discussing the Enable Math program which has lost a lot of resources—less counseling, challenges with software, lack of leadership.
 - Discussed Title III Math team taking over and re-invigorating the Enable Math program.
