The exam will be given in multiple choice format. Please bring a Scantron 882-E form (the green one) and #2 pencil to class on the day of the exam.

Make sure that you understanding what each of the following terms means:

- Biological realism (about race)
- Social constructivism (about race)
- Eliminitivism (about race)
- Hard Determinism
- Libertarianism
- Compatibilism
- Memory theory of identity
- Causal theory of identity
- Relational theory of identity
- Anguish (Sartre)
- Radical freedom (Sartre)
- Absurdity (Nagel)

Review your notes and texts to make sure that you understand the basic principles underlying the theories of the following philosophers as contained in the course readings:

- Timmons & Shoemaker (on freedom and responsibility)
- Darrow’s defense of Leopold & Loeb
- Frankfurt (on freedom and responsibility)
- Kinghorn (on personal identity)
- Parfit (on personal identity)
- Sartre (on the meaning of life)
- Camus (on the meaning of life)
- Taylor (on the meaning of life)
- Nagel (on the meaning of life)
You will be given questions designed to demonstrate an understanding of these terms.

Ex: If I believe that I can only acquire knowledge through my senses, then I endorse the view known as _____________.

A. Particularism  B. Solipsism
C. Empiricism    D. Modus tollens

You will be asked to identify textual selections. The selections will feature key claims that we have discussed at length. If you have a working understanding of each philosopher’s major views, you will have no difficulty identifying the textual selections.

Ex: “It is wrong always, everywhere, and for anyone, to believe anything upon insufficient evidence.”

A. Reid  B. Clifford
C. Long/James  D. Hume

You will also encounter questions designed to show that you understand the basic features of these philosophers’ views.

Ex: All of the following philosophers but one claim that I know my mind exists. Who denies this claim?

A. Reid  B. Descartes
C. Hume  D. Moore
