

Student Name: _____ Campuswide ID: _____

Completion of requirements on the Intersegmental General Education Transfer Curriculum (IGETC) will permit a student to transfer from a community college to a campus in either the California State University or the University of California system without the need, after transfer, to take additional lower-division, general education courses to satisfy campus general education requirements. All courses must be completed with grades of "C" or better OR with a "Pass" if the course was taken on a Pass/No Pass (P/NP) basis and the Pass is equal to a "C" grade or higher. Many colleges and universities require letter grades for major coursework, and/or have other restrictions on P/NP grades. Students are advised to consult with a counselor/academic adviser before selecting the P/NP option. A course is certifiable if, and only if, it was on the IGETC requirement list at the time the course was taken. See a counselor/academic adviser about UC majors, colleges, and professional schools which do not accept IGETC, and for other transfer requirements. Upon enrolling in final course requirements and receiving conditional admission to the university, students must submit a request for certification to the De Anza College Admissions & Records Office. G.E. Certification Request Forms are available at the Admissions & Records Office, through the Counseling & Advising Center, and online at: www.deanza.edu/counseling/forms.html.

CSU/UC Graduation Requirement - NOT PART OF IGETC			
<p>(CSU) The U.S. History, Constitution, and American Ideals (AI) is a CSU graduation requirement, and it is strongly recommended that it be completed before transfer. This requirement may be fulfilled by completing 2 courses: POLI 1 and one of the following U.S. History courses (HIST 17A, 17AH or 17B, 17BH or 17C, 17CH). These courses may be used as part of the 12-15 quarter units required in Area 4, however, each CSU campus has the discretion whether to allow courses completed in Area 4 to also satisfy the AI graduation requirement.</p> <p>(UC) The American History & Institutions (AH&I) is a UC graduation requirement that may be met through examination or enrollment in specific courses. Each campus decides how its students may meet the requirement. <u>Most transfer students fulfill this requirement through satisfactory completion of a one-year course in U.S. history or a half-year course in U.S. history and a half-year course in American government in high school.</u> (UC Santa Barbara requires students to complete a college-level course). One, or a combination, of the following courses <u>may</u> fulfill this requirement: POLI 1, (HIST 17A, 17AH), (HIST 17B, 17BH), (HIST 17C, 17CH). Please check UC campus catalogs for more information, including other course options that may be available.</p>			
AREA 5: PHYSICAL AND BIOLOGICAL SCIENCES		9 - 12 Quarter Units	
At least 2 courses, including 1 Physical Science and 1 Biological Science ; at least 1 must include a laboratory. Courses with a laboratory are <u>underlined</u> .

AREA 6: LANGUAGE OTHER THAN ENGLISH (UC Requirement Only)			
Students must demonstrate proficiency equivalent to two years of high school study in the same language. If requirement was met in high school, official transcripts must be on file at De Anza - Admissions & Records Office. For more information on this requirement go to: http://www.deanza.edu/transfer/uc_main/trans_reqs_uc/ge_reqs_uc.html			
Complete one of the following with a grade of "C" or better:			
FREN 2, 3, 4, 5, 6, GERM 2, 3, 4, 5, 6, HNDI 2, 3, ITAL 2, 3, JAPN 2, 3, 4, 5, 6, KORE 2, 2H, 3, 3H, MAND 2, 3, 4, 5, 6, PERS 2, 3, RUSS 2, 3, SIGN 2, 3, SPAN 2, 3, 4, 5, 6, VIET 2, 3, 4, 5, 6

Intersegmental General Education Transfer Curriculum (IGETC)

<http://www.deanza.edu/articulation/ge-requirements.html>

Completion of the Intersegmental General Education Transfer Curriculum (IGETC) may permit a student transferring from a California Community College (CCC) to a California State University (CSU) or University of California (UC) campus to satisfy lower division breadth/general education requirements without the need to take additional lower-division general education (GE) courses after transfer. IGETC is also accepted by several independent and out-of-state universities. IGETC is most useful to students who plan to transfer but have not yet decided upon a particular institution, campus or major. Please see the link(s) above and campus-specific websites for more information, including IGETC restrictions.

IGETC is not a transfer admissions requirement* nor is it the only way to fulfill lower-division breadth/GE requirements prior to transfer. Completing it does not guarantee admission to the campus or program of choice. However, completing lower-division breadth/GE requirements before transfer – whether through IGETC (or CSUGE for CSU transfer) or campus-specific requirements – may improve a transfer applicant's chances for admission to a competitive campus and/or program. For general UC and CSU admission requirements go to www.deanza.edu/transfercenter/

USE OF IGETC

IGETC is not appropriate for most high-unit majors, such as Engineering and the sciences, which require extensive lower-division major preparation. Check www.ASSIST.org for more information.

The following are general campus guidelines for UC. **IGETC is not appropriate for the following:**

- **Berkeley** – Colleges of Engineering and Chemistry, and Haas School of Business. Though IGETC satisfies Breadth requirements for most majors in the College of Natural Resources, specific lower-division major requirements must still be satisfied. Check www.ASSIST.org for details.
- **Davis** – Bachelor of Science degree programs and high unit majors
- **Los Angeles** – School of Engineering and Applied Science, School of Nursing
- **Merced** – School of Engineering. IGETC is accepted but not recommended for the School of Natural Sciences
- **Riverside** – The College of Natural and Agricultural Sciences. The College of Engineering accepts IGETC but additional courses may be required after transfer.
- **San Diego** – Revelle College accepts IGETC but additional courses may be required after transfer.
- **Santa Barbara** – College of Engineering
- **Santa Cruz** – Majors in engineering and the physical and biological sciences.
- **Former UC students returning to the same campus cannot use IGETC.**

COURSES ON IGETC

- A course must appear on IGETC (in the specified Area) the term it is completed in order to apply. Courses may be added to IGETC mid-academic year, so students should always refer to the most up-to-date IGETC pattern when selecting courses each term. Check www.ASSIST.org and www.deanza.edu/articulation/ge-requirements.html on a regular basis.
- IGETC courses must be completed with a grade of C or better. Though not recommended, a grade of "Credit" or "Pass" may be used if the community college's policy states that it is equivalent to a grade of C or better. A "Pass" at De Anza is achieved with a grade of C or better. Students are advised to consult with a counselor or adviser before selecting this grading option.
- Though a course may be listed in more than one Area, it can only be counted in one Area for certification. (Exception: Area 6 – LOTE)

A few things to consider: All UC and a few CSU campuses set limits on the number of units that may be taken for Credit/Pass. UC allows IGETC courses to double-count towards major requirements, while CSU has campus-specific policies that could restrict this practice. Courses used towards a major should be taken for a letter grade unless otherwise specified. Check college catalogs and websites for campus-specific policies.

COURSEWORK FROM OTHER COLLEGES

- Courses taken at another CCC will be applied in the approved Areas designated by that college when the courses were completed. Visit www.ASSIST.org for more information.
- Courses from regionally accredited institutions could apply towards IGETC provided they meet IGETC criteria and standards.
- Only foreign coursework from U.S. regionally accredited institutions may be applied to IGETC.

Students must arrange to have transcripts sent to the De Anza Admissions and Records Office (A&R). Evaluation time varies so this process should be initiated as soon as possible. If De Anza is unable to determine the applicability of a non-CCC course towards IGETC, it is the student's responsibility to provide additional information about the course. Writing samples may be needed for courses reviewed for Areas 1A and 1B.

IGETC CERTIFICATION

The IGETC certification is an official document sent directly from De Anza to another institution verifying the courses/exams applied towards IGETC. This is not an automatic process. Upon enrolling in final required courses and receiving conditional admission to the university, students must submit a request for certification to the De Anza A&R Office. All necessary documentation (high school/college transcripts, exams) must be received and evaluated by De Anza prior to this request. NOTE: The certification process may be delayed if transcripts/exams have not been previously evaluated. (See section on **Coursework from Other Colleges** above.)

GE Certification Request forms are available online at www.deanza.edu/counseling/forms.html

EXAMS (www.deanza.edu/articulation/ge-uc-transfer.html)

- Advanced Placement (AP) – official reports must be sent to De Anza (A&R) directly from the College Board in order to apply. The IGETC - AP Exams Chart is available at De Anza website listed above.
- International Baccalaureate (IB) – official reports must be sent to De Anza (A&R) directly from the IB Organization in order to apply. The IGETC - IB Exams Chart is available at De Anza website listed above.
- College Level Examination Program (CLEP) – cannot be used on IGETC.

UC LANGUAGE OTHER THAN ENGLISH (LOTE - Area 6): Students may demonstrate proficiency for the purpose of fulfilling the (LOTE) IGETC requirement in several ways. Go to www.deanza.edu/articulation/ge-uc-transfer.html to view available options.

It is strongly recommended that students complete IGETC prior to transfer and obtain full IGETC certification. If, however, this is not possible, a partial certification may be issued. Students are responsible for determining the appropriateness of a partial certification and should consult with a counselor. Partial certification is defined as completing all but one or two courses on the IGETC pattern. Once partially certified, it is the student's responsibility to work with an advisor at the university to find out how to complete IGETC requirements. The UC/CSU is responsible for verifying that the missing IGETC course(s) has been completed and students should not request a full certification from De Anza after transfer.

WARNING: Students must complete Areas 1 and 2 to meet minimum admission requirements for UC/CSU, so if you are missing courses in either Area your eligibility for transfer will be at risk. ***Caution:** A university or specific program may specify that full IGETC certification is required for admission. Students should check on the conditions for admission outlined by the university/program. Example: Full IGETC certification is a selection criterion for admission to UC Berkeley's College of Letters & Science. Students offered admission on the condition that they submit full IGETC certification but then submits a partial IGETC certification, could have their positive admission decision reversed.
