How to Start a New Club at De Anza
Presented by the Inter-Club Council (ICC) of De Anza College

BEFORE STARTING A CLUB
Interested in starting a new club? Here are some questions you want to consider before getting started:

- What is the **purpose** of your club? What community, interest, or need will you create space for?
- Have you made sure that what you’re thinking is a **unique club**? Take some time to review the Club List to make sure, and consider reaching out to similar existing clubs if they exist before starting a new one. Please note that the ICC would not approve the creation of a new duplicate club.
- Leading a club is an amazing opportunity, but it’s also a time commitment and responsibility. Are you able to include club duties in your schedule?
- Have you talked to others who may be interested in bringing this club? You’ll need to find at least one advisor, fellow officers, and members so start talking to people now!

*If you’re ever not sure about the above questions, you can always schedule an appointment to meet with the ICC Officers and Advisor.*
