

Winter 2022 Virtual Club Day

Club & Program Information

Clubs

Active Minds

Active Minds at De Anza is closely associated with Active Minds, a non-profit organization that supports mental health awareness and education for students in over 550 colleges and high schools. At our chapter, we strive to create a safe space for our community to speak up about their struggles with mental health, in order to destigmatize mental health. We are dedicated to promoting the well-being of our students through education, research, and advocacy.

Association for Computing Machinery (ACM)

Hello hello everyone! We are bringing the ACM club back to De Anza!

The ACM "Association of Computing Machinery" is the world's largest computing society!!

We see a world where computing helps solve tomorrow's problems – where we use our knowledge and skills to advance the profession and make a positive impact.

In this club we will have guest speakers from all sorts of specializations, workshops for programming and UI/UX design & we will be an organization for those who are interested in robotics, coding, creating, and pitching products!

If you're interested and looking to meet others with like minded interests come join us!
