Re:	Course(s) not meeting the annual curriculum deadline for the 2025-26 year to be offered in the 2026-27 catalog

   The following courses did not meet our annual curriculum deadline for the 2025-26 year to be offered in the 2026-27 catalog/academic year. A formal deletion memo, nor an extension request, was submitted by this year's annual curriculum deadline.

   - AUTO 351A - Introduction to Automotive Principles - Chassis Systems
   - AUTO 351B - Applications of Automotive Principles - Chassis Systems
   - PEA 15 - Adapted Aerobic Swimming
   - PEA 15X - Adapted Aerobic Swimming
   - PEA 15Y - Adapted Aerobic Swimming
   - PEA 15Z - Adapted Aerobic Swimming

   Per the annual Curriculum Office processes for courses not meeting the annual deadline, we are requesting that these courses be removed from the 2026-27 course offerings for a period of one year. Additionally, the eLumen workflows for these courses will be deleted by the Curriculum Office on **June 17, 2025**. The departments/divisions can submit these courses by the next annual curriculum deadline in **May 2026 (unless otherwise communicated through the proper protocol chains)** to be reactivated

in the 2027-28 course catalog offerings. If these courses are not submitted by the next deadline, then they face permanent deletion/removal from future course catalog offerings.

Regards,

Mary K. Clark-Tillman

De Anza GE Form

Area	Edit Type	Edit
Criteria 2	Required	All entries in the de Anza GE form should come from either methods of evaluation, assignments, or the course outline to satisfy the criteria. For this one, something like assignment 1-1 and/or 1-2 for collaborative, assignment 1-3 for oral, and assignment 4 for written would work well. I would also remove the outline F from this response since that doesn't help show oral, written, or collaborative work.
