Diversity and Events chair election

Candidates: Hiro, Hanh (Skype)

- Hanh
 - Speech
 - Experience in D&E has given many reasons to run for chair
 - Would like to make interns a powerful part of D&E in order to have diverse perspectives of De Anza be heard in the committee
 - Will give interns the chance to be in charge and practice leadership
 - Intends to create a learning community
 - Notes that D&E usually does not talk about diversity, and that diversity is not only about race
 - Says that D&E can have events that focus on academy as well as cultural and diversity
 - Wants to address gender and race and take in more perspectives of student body
- Hiro
 - Speech
 - Has previous experience in D&E, was an intern during Fall 2014, helped with Club Day, Meet Your Senators, each of the quarterly dances, and hosted the Dodgeball Tournament at which 100 people participates
 - Was also in Admin committee, and plans to use experience to assign interns to closely work with individual senators to create projects
 - Plans to use position to also promote DASB
- Questions
 - Thao to both: What makes the other candidate more capable?
 - Hanh: Hiro works very hard and focuses on his goals and visions.
 - Hiro: One time Hanh hosted a movie night to test run Project Phoenix, got a turnout of over 60 people. She does a good job of promoting DASB and

- using creativity.
- Ruiqi to both: What is your plan for the Summer and Fall quarter?
 - Hiro: In Fall quarter, he would like to have 5 events: Freaky Friday Dance Party being one of them. Will create 5 teams to come up with projects. A student approached him about a TED Talk and would like to explore the possibility.
 - Hanh: During summer, will be in Vietnam and cannot do much. Will look to the interns to understand student desires and needs. The Dodgeball Tournament was an idea from an intern, and was very successful. Intends to host a dance party, and other nice events.
- Marco to Hanh: Will the fact that you will be away during the summer hurt D&E?
 - Hanh: Will lead meetings via Skype
- Mina to both: What will you do to work with other committees on events? Noted absence of collaboration during last year.
 - Hiro: This issue is not just within D&E, but all committees. Will encourage interns to attend events hosted by other committees.
 - Hanh: Will work to collaborate with other committees on planning and organization of events.
- Thao to both: What are the biggest reasons for events to not be successful, and how will you address them?
 - Hanh: Many events did not have enough people because they were not exposed to enough people, and students did not know that the event was happening. Important to promote events more widely. The Big Hero movie night had high turnout because of good promotion.
 - Hiro: Will work closely with the Marketing Committee to undertake promotion. Spring Dance only had around 20 people come because promotion began very late. We need to do research on when more students are available, and avoid midterms and finals, and to plan keeping in mind when students will show up.
- Chi: D&E is not only about events; how will you improve the diversity part of the committee?
 - Hanh: Diversity is a broad subject. Necessary to hear directly from students. Race is important to discuss.
 - Hiro: Has plan to bring Barack Obama and Stephen Hawking to De Anza. Last year was working to get speakers events, such as experts on diversity. Important to make the diversity of ideas and opinions on campus prominent on campus.

Finance chair elections

Candidates: Edgar, Naeema

- Edgar
 - Speech
 - Wants to help DASB fund students. By analyzing budgets and funds, we can seriously benefit students by funding programs adequately.
 - Wants to give everyone equal opportunities to be funded
 - Would like to work closely with other committees
 - Will find new sources of revenue for DASB
- Naeema
 - Speech
 - 1 year of experience working as an intern and then senator
 - Understands financial procedures and ways to improve funding
 - Reached out to programs to understand their funding needs
 - Will apply experience communicating with campus programs to chair position
 - Very task oriented, will help members be familiar and practice equity
 - Committee needs to take time to really understand budgeting
 - Wants to follow up with programs to make sure that students are benefitting
 - Cater to specific needs of programs
 - Plans to analyze the budget carefully
 - To address political bias: will not allow this bias to affect behavior as chair, and will take time to understand the actual numbers
 - Aim is to understand how funding will affect the average question
 - Questions
 - Mina to both: What is a quality the other candidate has that will make

them a better Finance Chair?

- Edgar: Naeema has more experience
- Naeema: Edgar is objective and unbiased when making decisions
- Ruiqi to both: To fund certain programs, you may need to cut certain programs. How will you make those decisions?
 - Naeema: Need to take into account the impact and vision of each program
 - Edgar: Have to do adequate auditing, and understand when cuts have to be made
- Mina to John: how important is knowledge of accounting?
 - Not really necessary, that work is done by the Accounts Office
- Ruiqi to both: What are your plans to increase revenue?
 - Edgar: Would like to increase revenue, does not have plans, but would like to hear from committee members in a democratic way
 - Naeema: Lots of budget requests from last year to special allocations, will look to Foundation, and to fundraising events such as shows and galas.
- Mina to Naeema: In the case that funding is between a familiar program and a program you've never heard of, what would you do to make that decision?
 - Would spend time with program, understand their vision, and really take seriously the opinions of Finance members
- Thao to both: What does objectivity and being unbiased mean, and how important is that to being Chair?
 - Edgar: Objectivity is important to give equal opportunity to each program.
 - Naeema: Being biased is a result of being connected to certain programs, which you must do to have a good sense of the campus.
- Thy to both: How will you divide the responsibilities of Finance among the committee?
 - Naeema: The budget communications has to coordinate 2 field trips to programs, wants to increase that number. Last year, program visits were assigned 10 per senator, which worked well. Interns did not have much to do last year, could take more leadership as long as they are trained properly.
 - Edgar: Taking into consideration of each committee member's desire to participate. Necessary to divide so nobody has to do a lot of work.

Mina nominates Naeema for Chair of Finance

Kush seconded

Mina said that her friendship is not affecting her decision and has been conflicted about the decision for a long time. Says that Naeema has put enough time into understanding and analyzing her biases for it not to be an issue. You need to care about the programs to care about the numbers, which many did not in the last year's Finance Committee.

Thy agrees with Mina, and believes that Edgar would work well as a Vice Chair to balance it out.

Hiro expressed concern that she is committed to being Vice Chair and Secretary.

Naeema said that she took the positions with the Chair position in mind, and that they would only add 3 meetings per month. Is structuring other commitments to work.
