1. Why do you want to join the DASB Senate, and what do you hope to achieve?

I want to join DASB because its a unique opportunity to have a positive influence on the student body here. There is a lot of room for improvement in how we can help students be more successful in their college experience. Unfortunately, the students that are most affected by the decisions of DASB are the students that are busy and cannot afford to take time to come to meetings, so I hope I can do justice for these students and make their lives a little bit easier.

2. What are some of the skills and experiences that you will bring to the DASB Senate?

DASB Senate needs individuals that enjoy working with others and are dedicated to help those around them. I love working with others because you're exposed to new and different ways of thinking, and collectively, you can solve much more than you could hope to solve by yourself. I would bring energy to the senate, and I hope to be able to join committees and work to solve problems on campus.

3. What other commitments do you have and how will you manage your time?

I spend most of my time on campus, often times in the DASB office or in the Honors College office, because I'm taking a lot of classes this term. I do not have a job so I benefit from having some extra time. I think dedicating some time towards Senate would make me more cognizant of time and I would be more deliberate about planning my time. It a challenge and would be a lot of fun

4. Student Concern Reflection

There are a variety of student concerns - getting more counselors, affordable student housing, more funding for clubs, better food, having club sports at the gym, improving financial aid, and more. Students have a ton of great ideas and I'm interested in talking to them more about ways we can improve the college.
