

Name

Adrian Sedgwick

How did you hear about the DASB Senate?

I heard about DASG Senate through a peer. They said that it was a good program and that I should check it out.

If you have held a DASB Senate position in the past, what was your position?**Why do you want to join the DASB Senate, and what do you hope to achieve?**

I want to join the DASG Senate because I want to actively make the changes that De Anza needs to better reflect the student body's needs and concerns. I hope to directly work with the Equity and Diversity committee to make De Anza more accommodating for disabled students. I also want to improve my leadership skills and make friends in the Senate.

What are some of the skills and experiences that you will bring to the DASB Senate?

I am organized, so I am sure that I will be able to use this skill when I work with the DASG. Some experiences that I will bring to the DASG Senate include being chosen as one of only two delegates to represent my high school in Idaho Syringa Girl's State, which is a three-day mock legislative session. Because of this, I am already familiar with parliamentary procedure. In addition, I will bring the lived experiences that come with being disabled and nonbinary to the DASG, which will help to diversify the senate.

What other commitments do you have and how will you manage your time?

Along with my classes, I am also a tutor at the WRC. However, I effectively manage my time by writing all of my responsibilities in my planner. This way, I know exactly when I have time and when I do not. I have already set my schedule to accommodate Senate Meetings and Equity and Diversity meetings. I do not think I will struggle with time management.

Additional Comments (maximum 200 words)

I would be thrilled to be accepted as part of this group. I really think that I can bring a lot to the table, and I hope to work hard with everyone if I am confirmed.

What student concerns do you feel the DASB should address?

I think DASG needs to address accesability issues around campus, such as the steep hill in the A1 quad, or the heavy DASG door. I am also working with Equity and Diversity committee to get the period products consistently stocked in the bathrooms.
