- Lianna shared her three and a half tattoos. One on the wrist which is a shark tooth after her 18th birthday because it shows resilience. Second is a camel on the toe because it was funny. Third is a bat on her ankle because she was in Australia, and she thought all the day and night bats were cool. Fourth is a skull that is one of a matching pair for Friday the 13th. She also offered suggestions about minimizing pain and bleeding during the process so that your tattoo does not fade. The one on the ankle really hurt, and she provided a gradient for pain per body part.
- Ananya asked about college decisions and everyone shared.
