

About the Survey

The CCSSE is administered in the spring quarter to credit students and gathers information about their overall college experience. De Anza College previously participated in 2007 and 2009.

The survey focuses on educational practices and student behaviors associated with higher levels of learning, persistence and completion.

All faculty members teaching in the spring were included in a pool from which a random sample of course sections were chosen to administer the survey. This resulted in 1,236 valid responses.

Student Responses

How would you evaluate your entire educational experience at De Anza?

85% of students stated that they had a good or excellent experience at De Anza. This rate dropped slightly from 89% in 2009 but remained the same as reported in 2007.

How much does De Anza encourage you to spend significant amounts of time studying?

74% of students stated they are very much or quite a bit encouraged to spend significant amounts of time studying, up from 70% in 2009 and 71% in 2007.

How much does De Anza provide you the support you need to be successful?

68% of respondents stated that De Anza provided quite a bit or very much of the support they needed to help them be successful. This rate remained consistent from 2009 and is up from 61% in 2007.
