Achievable Goal = The rate that will be achieved within 5 years. This rate is set at the three year average. Aspirational Goal = The rate the college will work towards to achieve, but is set at a high, aspirational level. This rate is set 1 percentage point above the three year average. Standard = The rate set at its lowest level that the college would not want to drop below. If it did, it would want to take steps to increase the rate. This rate is set 1 percentage point below the lowest rate reported over three years. Data is reported for years where students were placed in a career. N/A displays less than 6 students.
