

De Anza College Student Financial Aid Trends, Year End 2003, 2004, 2005

October 31, 2005, Andrew LaManque, De Anza Research

(Please see the attached information on De Anza College students receiving financial aid.)

De Anza College

- The unduplicated number of students receiving aid is up 1,619 students or 29% from 5,664 in 2003 to 7,283 in 2005.
- Pell Grant recipients are up 15% from 2003 to 2005.
- BOG recipients are up 31% from 2003 to 2005.
- The percentage of financial aid students indicating degree or transfer as their initial goal has increased from 54% to 59% from 2003 to 2005.
- Year to year persistence of BOG students from Fall 2004 to Fall 2005 was 56% compared with 40% for all other students.

Methodology

Year end financial aid extracts from the SIS / RMS system is merged with data from the Research Data Warehouse. The data warehouse contains demographic variables for students based on the student application. Data from the most recent application is used in this report. 200-300 students each year are found in the RMS extract but not the data warehouse (for various reasons). Thus the demographic counts do not always equal the year end figures from RMS.

A “financial aid student” is defined as a student receiving any type of financial aid over the course of the fiscal year, including scholarships, loans, and grants.
