Grading

Your final grade will be based on the following weighted averages:

- Cumulative Final Exam = 30%
- Exams = 45% (4 administered, based on homework, class lecture, text examples, quizzes)
- Quizzes = 15% (based on homework, class lecture, and text examples; two types: community and solo)
- Homework = 5%
- Special Projects = 5%

Homework

There will be problems given to you to help guide your studies. These will be collected and will serve as representative problems for each section. I will provide these by email and they will come from the text.

Textbook Chapters Covered:

Chapter 4, all sections, Chapter 5, all sections, Chapter 6 all sections, 10.7, and 10.8

Attendance/Exams/Expectations

- All class meetings are mandatory, no exceptions. Roll will be taken. After accruing four unexcused absences, you will be dropped. Lack of attendance, leaving before class ends without prior notice, or coming in late is considered disrespectful and as such, I will take serious note. Prior notice by way of e-mail is **required** if you must be absent.
- If you choose to not continue in the class, you must

Miscellaneous

Network, Network, Network!

Find a student in class who can be a resource for you! Comparing notes is a great way to study, as different viewpoints can often yield more efficient study results.

drop yourself. If you are still on my roster at the end of the quarter and you stopped attending, I must give you an F.

- I will give you ample notice if I have to change the dates of the exams for whatever reason.
- Here are the exam dates for your reference: **Exam 1 – Friday, Oct. 12th; Exam 2 –Friday, Nov. 2nd; Exam 3- Mon. Nov. 19th; Exam 4 – Mon. Dec. 3rd; final exam: Thurs. Dec. 13th 9:15 am -11:15 am**
- You are required to attend all assessments and there will be no makeup quizzes or exams. I drop the lowest two quiz scores.
- Be respectful to your fellow students and to me at all times during class. Please, please, *please* be on time and do not leave early unless you have talked to me beforehand and do not talk during lecture.
- The final exam must be taken during the specified time and if you cannot take the exam during the time, please find another instructor.
- You are required to pre-read sections and work through text examples prior to coming to class. Consider this practice mandatory HW every day.
- **Academic Dishonesty**
No cheating. Enough said. If it feels like cheating, it probably is. Nothing is worth risking the privilege of attending De Anza College. I will take serious action. No talking during assessments and please **take care of your needs prior to the assessment.** (Solo quizzes, exams, final).

Class Conduct

Be respectful to your fellow students and to me at all times during class. Please be on time and do not leave early unless you have talked to me beforehand and do not talk during lecture. Talk as much as possible during community quizzes. Bring your textbook to class. I don't mind if you share textbooks in class.

Note: Instructor has the right to change the syllabus as necessary.

Learning Math

Study groups work! Recopying your notes every day works! Spending a little time everyday going through the next section's examples works! Teaching someone else works! Making study guides works! Writing your own quizzes and exams works! Expect to spend about 10 hours a week studying this material. Find tutoring immediately if needed at the Math, Science, and Technology Resource Center.
