### DE ANZA COLLEGE

### **PSME** Division

Math 10.52Z Statistics

MW 1:30 pm - 3:45 pm (Time when I record the lecture)

Fall 2021 Online - Asynchronous

INSTRUCTOR: Victor Legge

CONTACT INFO: leggevictor@fhda.edu

PREREQUISITE: A passing grade in Math 114 or equivalent or placement in this class via test.

TEXTBOOK: Illowsky: Introduction to Statistics

MATERIALS: You are required to have a basic scientific calculator, graph paper, a 3 ring binder,

binder paper, pencils and a ruler for this class. A graphing calculator is highly recommended. If you do not have a graphing calculator you can get one online: https://www.videomathteacher.com/free-resources/free-downloadable-math-

<u>calculators/download-free-virtual-ti-calculator-online/</u>. Click on download virtual TI 83 and TI 89 calculator. It will download a zip file. Click on it then click on vti

folder and then vti exe.

ATTENDANCE: Attendance is only required for the midterms and the final. Otherwise attendance is

not required at all.

ADDING: The last day I add will be Tuesday September 27th. I will start adding the first day.

I will keep a waitlist for every day. Students will be moved to the bottom of the waitlist if they are late, do not attend class for any reason (this includes day one) or

miss assignments

DROPPING: A student is responsible for dropping him/herself. Please do not assume that I will

drop you from the class just because you have stopped attending. By not taking responsibility for dropping or withdrawing yourself, your "no grade" may become a W or an F or your W may become an F. If you have not been attending class for a while and still plan to attend please inform me by email or phone. Otherwise you may be dropped from the class. Students who have not dropped and who do not show up for the final exam will receive an F in the course unless there are extreme

extenuating circumstances.

HOMEWORK: Homework will be collected and graded for completeness only. Only the best 11

homeworks will count towards your grade. Homework is worth 10 points. Only do the questions that are multiples of 6: 6,12,18 etc. I do not accept late homework

under any circumstances.

STATS LABS:: The first Stats Lab for each chapter will be completed and turned in. Stats Labs are

worth 10 pts. Only the best 10 out of 13 will be counted towards your grade. I do

not accept late stats labs under any circumstances.

MIDTERMS: There will be three 1 hour midterms. Each midterm is worth a maximum of 200

points. Midterms are closed book. You need to be present in class for the midterm

and final. It is very important that you take the midterms. Missing a midterm for any reason will mean that you will score the same on the midterm as you do on the final as a percentage unless midterm 1 is the missed midterm (see below). If you do better on the final than you do on any of the midterms then the percent score for the final will replace the percent score for your lowest midterm. If midterm 1 is missed or it is the lowest midterm then the percent score for the final plus 5% will replace the midterm 1 score.

# RETAKES AND MAKE-UPS:

There are no retakes or make-ups of midterms or quizzes, under ANY circumstances, EVER!! If you are ill and miss the final then you must show documentation that you were ill and then you will be issued with an incomplete for the class. The final then has to be made up within one year. Besides illness the only acceptable reason for missing the final is a REAL emergency. By a real emergency I mean an unforeseen event that could not have been avoided. Examples include a funeral being scheduled at the same time as the final. Please note that difficult life circumstances do not constitute an emergency.

**REVIEWS:** 

If time allows there will be a review for midterms. This will involve test taking tips as well as a mathematics review. Just because a question is being reviewed does not mean it will be on the test. It is possible but highly unlikely that all questions reviewed on the review will not be on the test.

FINAL EXAM:

There will be a comprehensive final given on the last day of instruction. You cannot take the final early under ANY circumstances. Do not ask. The final is worth a maximum of 600 points. YOU MUST ATTEND THE FINAL. If you know that you cannot attend the final due to a prior commitment then you should not take this class. Missing the final without a valid reason (see the last section – Retakes and Make-ups) will result in an F in the class.

The final will be given on Monday December 12th,

1:30 pm to 3:30 pm. It is imperative that you be on time for the finals.

**CLASSWORK:** 

From time to time there will be classwork assigned. This will usually be one or two questions. Classwork is worth 10 points. I do not accept late classwork under any circumstances.

COURSE GRADE: There will be 13 homeworks, 13 stats labs, three midterms, and a comprehensive

Final Exam.

Points are assigned as follows:

Best 11 homeworks

Best 10 stats labs

Three Midterms

Final Exam

Classwork

110 pts

600 pts

600 pts

200 pts approx

Total points – maximum 1610 pts approx

Letter grades are assigned as follows:

90.0% and over	A
88.0% to 89.9%	A-
86.0% to 87.9%	B+
82.0% to 85.9%	В
80.0% to 81.9%	B-
78.0% to 79.9%	C+
70.0% to 77.9%	$\mathbf{C}$
68.0% to 69.9%	D+
55.0% to 67.9%	D
0% to 54.9%	F

#### ASKING FOR HELP DURING TESTS:

It is my policy not to give you help during a test of any kind. A test is designed to discover what you know without help. Giving one student individual help during a test would be unfair to other students. The only 2 valid questions to ask the instructor during a test is "This question seems unclear to me. Could you please check it?" and "This question seems to be impossible. Could you please check it?" Students for whom English is not their primary language should know that I will not help in any way on tests to explain what words, sentences or any piece of text means. Please note that all students can bring a non-electronic dictionary to a test. If a student has a question during a test my response will be either "I am sorry but I cannot help you," OR "the question is clear," OR in the case that there is something wrong with the test I will write on the board what needs to be changed on the test.

# ACADEMIC DISHONESTY:

Everybody needs to take the midterms and final at the same time. Your video cameras must be turned on the entire time. If you have a child you need to talk to during a test please let me know. Otherwise you should not be contacting any other person during a test. Please be aware that if I find two students with the same wrong answers multiple times I will judge that both students have cheated and I will inform the dean.

DISABLED STUDENTS: Students who are disabled and qualify for special help by law should take advantage of what is entitled to them. Please see me or tell me EARLY in the class if you are one of these students so that I can do everything in my power to give you the assistance you deserve. In getting your initial accommodations for your

disability please think carefully about what you need. Requests for accommodations or requests for changes to your accommodations in the middle or near the end of a quarter will not get an enthusiastic reception from me.

COURSE GRADES: Grades for the course can only be changed in the event of a clerical error. It is not legal for me to change the grade for any other reason.

> If you require your grade quickly after the final please send me an email within 3 days of the final and I will give you your grade on the final within 5 days of the final. If you send me an email more than 3 days after the final I will get you your grade within 48 hours.

TEACHER ABSENCE

In the event of my absence it is the student's responsibility to study the material that was scheduled for that day. It is also recommended that you study the material for next week's class as well, in advance. This is because when I return from the absence I will cover the material that was missed and the current material in one week. In other words I will be going quicker!!!

CONTRACT:

One purpose of this greensheet is to provide you with the guiding principles of the class and another is to make sure that you have answers to any questions that might arise. Please put this sheet in a safe place where you can easily refer to it. Make sure you read all of it before you ask me any questions about the course. It is also a contract between you, the student, and myself, the instructor of record. Make sure you understand its contents fully especially the parts that pertain to testing and the computation of your grade because so long as you remain enrolled in the course you are, like everyone else, implicitly agreeing to abide by these terms.

SCHEDULE FOR MATH 10 – Asynchronous 1:30 pm Monday and Wednesday

KEY:

- \* INDICATES THAT A MIDTERM OR QUIZ IS SCHEDULED FOR THIS DAY.
- \*\* MEANS DROP OR WITHDRAW DEADLINES

# DAY CLASS HOMEWORK

### Week 1 of class

1.(9/26) Green Sheet, 1.1, 1.2, 1.3 Read green sheet

Hwk 1

2 1.4, 2.1, 2.2 Hwk 2

### Week 2 of class

3.(10/3) 2.2, 2.3, 2.4, 2.5 Stats Labs 1 (pp. 40 - 44)

4. 2.6, 2.7, 3.1 Hwk 3

**Hwk 1 due** Stats Lab 2 (pp. 121 - 122)

# \*\*SATURDAY OCTOBER 8th - LAST DAY TO ADD CLASSES

# \*\*SUNDAY OCTOBER 9th - LAST DAY TO DROP WITH A REFUND AND NO W.

### Week 3 of class

5.(10/10) 3.2, 3.3, 3.4 Review for midterm 1

Stats Labs 1 due

6. 3.5, 4.1, 4.2 Hwk 4

**Hwk 2 due** Stats Lab 3 (pp. 210 - 212)

Stats Labs 2 due

### Week 4 of class

7. (10/17) 4.3, 4.4, 4.5

Review for midterm 1

8.\* 5.1, 5.2

Hwk 5

Midterm 1 (Chaps 1 through 3)

Hwk 3 due Stats Lab 3 due

# \*\*FRIDAY OCTOBER 15TH – LAST DAY TO REQUEST PASS/NO PASS

# Week 5 of class

9.(10/24) 5.3, 6.1, 6.2

Stats Lab 4 (pp. 272 - 277)

Hwk 6

10. 7.1, 7.2

Hwk 4 due

Stats Labs 5 (pp. 339 - 341)

### Week 6 of class

11.(10/31) 7.3, 8.1, 8.2

Stats Labs 6 (pp. 380 - 383)

Stats Lab 4 due

Hwk 8

12. 8.3, 9.1

Hwk 9

Hwk 5 and 6 due Stats Lab 5 due Stats Lab 7 (pp. 418 -424)

Week 7 of class

13.(11/7) 9.2, 9.3, 9.4

Review for Midterm 2

Stats Lab 6 due

Midterm 2

14.\* 9.5, 10.1

Stats Lab 8 (pp. 468 - 473)

Hwk 10

(Chapters 4 through 7)

Hwk 7 and 8 due

Stats Lab 7 due

### Week 8 of class

15.(11/14) 10.2, 10.3, 10.4

Stats Lab 9 (pp. 531 - 533)

16. 11.1, 11.2, 11.3

Stats Lab 10 (pp. 591 - 593)

Hwk 9 due

Hwk 11

Stats Lab 8 due

Thursday November 11 is Veteran's Day – attendance will not be taken.

### \*\*FRIDAY NOVEMBER 12TH – LAST DAY TO DROP CLASSES WITH A W

### Week 9 of class

17.(11/21) 11.4, 11.5, 11.6

Stats Lab 11 (pp. 645 - 650)

Stats Lab 9 due

18. 12.1, 12.2, 12.3

Hwk 12

Hwk 10 due Stats Lab 10 due

### Week 10 of class

19.(11/28)\* 12.4, 12.5

Stats Lab12 (pp. 705 - 710)

Midterm 3 (Chapters 8 through 10)

Hwk 11 due Stats Lab 11 due

20. Thanksgiving

**No Class** 

### Week 11 of class

21.(12/5) 12.6, 13.1, 13.2

Hwk 13

Stats Lab 12 due

22. 13.3, 13.4

Stats Lab 13 (pp. 760 - 761)

Hwk 12 due

\*\*Last day to file for fall degree or certificate

# Week 12 of class

23.(12/12) \* Final (1:30 pm to 3:30 pm) (Covers everything in course but with more emphasis on (Chapters 11 through 13))

Hwk 13 and Stats Lab 13 due

# **Student Learning Outcome(s):**

\*Organize, analyze, and utilize appropriate methods to draw conclusions based on sample data by constructing and/or evaluating tables, graphs, and numerical measures of characteristics of data.

\*Identify, evaluate, interpret and describe data distributions through the study of sampling distributions and probability theory.

\*Collect data, interpret, compose and defend conjectures, and communicate the results of random data using statistical analyses such as interval and point estimates, hypothesis tests, and regression analysis.

# **Office Hours:**

By Appointment online M,T,W,TH 12:30 PM 01:15 PM
